Welcome

With over 203 miles of singletrack spread throughout the valley, the mountain biking and hiking are some of the best—and most scenic—in the country. Road biking is also a popular activity, with several local companies offering guided tours. For a wildlife-friendly experience, head to the White Clouds Birding & Nature Center for guided tours through the valley’s rich bird life.

Best Mountain Lift Hours

9am - 9pm Daily

Trail Access

Some trails require a pass for day use. For more information on pass requirements and trail access, visit us at sunvalley.com/pass/trails.

The Course

White Clouds Trail

The White Clouds trail network is perfect for the first-timer and advanced rider alike. Singletrack, woodsy trails, and challenging descents are just some of the highlights that make this trail system one of the best in the valley.

First Time? Start Here.

Getting Oriented

Take the White Clouds Trail from the Sun Valley Village and follow the signs to the White Clouds Trailhead. Here you can see a map of the trail network and get tips on how to ride on the trails. From here, you can see the sign for the Sun Valley Village.

Understanding Trail Types

White Clouds Trail

This trail is a great introduction to the world of singletrack and the White Clouds Trail Network. It is a relatively easy ride with short climbs and descents. It is perfect for beginners or those looking for a fun ride.

Rigbyground Connector

This trail connects the White Clouds Trail Network to the Rigbyground Trail Network. It is a good ride for those who want to explore the entire trail system.

Ridge Creek Trail

This trail is a great introduction to the world of singletrack and the White Clouds Trail Network. It is a relatively easy ride with short climbs and descents. It is perfect for beginners or those looking for a fun ride.

Cross-country Skiing & Snowshoeing

This trail is a great introduction to the world of cross-country skiing and snowshoeing. It is a relatively easy ride with short climbs and descents. It is perfect for beginners or those looking for a fun ride.

Learn to Ride Program

This program is designed for those new to mountain biking. It includes a guided ride, an introduction to mountain biking techniques, and tips on how to ride the trails. From here, you can see the sign for the Sun Valley Village.

Know Before You Go

Wear sunscreen and stay hydrated. Always wear a helmet when riding. Bring water and snacks. Always check the weather conditions before your ride. Be prepared for all types of weather, from rain to snow. Always ride with someone or let someone know where you are and when you plan to return.

Your Responsibility Code

While mountain biking is a fun and exciting activity, it is important to respect the environment and other riders. Always wear a helmet and follow the rules of the road. Be courteous to other riders and always yield to others when they need to pass.

Bike Lanes

Bike lanes are designated areas for bicyclists to ride. They are marked with signs and are usually on busy streets. They are designed to protect cyclists from motor vehicle traffic.

No Bikes

Bike lanes are marked with signs and are usually on busy streets. They are designed to protect cyclists from motor vehicle traffic.
